### Description

#### [Refrigerated cargo trailer](#)

Polar King Mobile freezer trailers and cooler trailers are constructed with a seamless fiberglass design 6'x12' trailer features four-inch R-28 roof and walls, 3/4" Keg / pallet duty floor, 54" x 70" reinforced door. The actual cooling of the trailer is achieved using a [GOVI](#) arktik 2000US series refrigeration unit. These [compact units](#) provide a temperature range of 0F to 50F, are all-electric, and require only 15Amps -110 Volts .

As the industry's #1 manufacturer of seamless fiberglass outdoor walk-in coolers and commercial walk-in freezers, [Polar King units](#) are designed to endure even the most rugged conditions and climates. All Polar King commercial walk-in coolers, freezers and refrigerated trailers are delivered fully assembled and require only a simple electrical connection to put them into operation. With a 100% seamless fiberglass design, Polar King offers the industry's only one-piece, outdoor unit.

Also available in 3 sizes 6x8, 6x12, and 6x16, see all sizes in photos.
